KEY FEATURES

ACS™ electronically adjustable cushioning system allows the user to customize the cushioning of the deck to fit their personal comfort level and training style

ACS™ reduces heel strike impact by up to 49%

Expansive 22"x61" running/walking surface

3-speed integrated fan to keep cool throughout the workout

Personal Trainer program allows users to track workout information over a defined training period

ActivZone™ icon illustrates which muscle groups are being activated throughout the workout

State-of-the-art display is intuitive, yet features comprehensive programming and electronics

Powerful, smooth, refined performance

The TR33 features an engaging tri-color dot matrix display with CardioAdvisor™ for accurate heart rate feedback. Multiple programs keep workouts fresh.
