### KEY FEATURES

17"-26" electronically adjustable stride length allows the user to find the stride that fits their body and workout style

Dual-action motion provides a total body workout

Heart rate telemetry and contact heart rate pads allow for more effective training

Handlebars feature fingertip adjustment buttons for resistance and stride length allowing the user to shift-on-the-fly

The E820/E82 features a state-of-the-art dot matrix display with CardioAdvisor™ heart rate system. Bright LED readouts give the user valuable feedback on their workout and multiple programs provide variety so workouts never get boring.
